Whistler Accommodation Description:

•
Hi, we are Andrew and Anita, and this is our new vacation home. We have just finished renovating and updating our unit (Dec. 2010) with granite counter tops, stainless steel appliances, heated tile floors, new couch and loveseat, new dining table and chairs, and so on. The open-plan living area provides ample space for you to gather with family and friends.

Arrowhead Point is situated in one of the most desirable ski-in/ski-out locations in the Benchlands/Upper Village in Whistler/Blackcomb, at the top of Painted Cliff Road. The ski in/out is across the street directly under the Wizard Express chairlift - the longest lift in Whistler. Conditions permitting, you can also ski-in right to our building off the ski run called "Home Run".

Our home is the end unit, nestled up against the trees, in the quiet area of the Benchlands on Blackcomb Mountain, so you will enjoy plenty of peaceful privacy. You will find our home well-equipped and all on one level, so when you are tired from a day of activities, you won't need to climb a long stairway to go to bed. Enjoy a relaxing soak in the hot tub after an invigorating day on the slopes. Occasionally, your visit may even include a viewing of one of Whistler's famous black bears as they amble past our deck.

We have reservations available year around, so whether it is a winter stay or a summer vacation, this home is perfect for a family holiday.
